The term camera ready means what you submit is how it will appear in the program. Poor quality color print out that is the wrong size will not look good when reproduced in black and white program. We encourage you to pay the set-up fee if your ad has not been professionally produced. Also Microsoft word, excel, publisher, ect. files will NOT translate properly and will require a set-up fee. **Print ready .pdf, .eps, or .tif files at the right size and resolution are acceptable. Clean, black and white hard copy not folded or stapled of the right size is acceptable**

Please send electronic copy to: atucker@maddesignmt.com or call 656-3443 with artwork questions.
